

LED WINE COOLER WITH SPEAKER

INNOVATIVE PRODUCT

OVERVIEW

This perfectly designed LED floor lamp brings you endless possibilities with its built-in bluetooth speaker and beverage/wine cooler. By connecting via bluetooth, music can be played with crystal clear sound in a spacious living room. All the while your wine will be cooled in the ice-filled cooler. If you don't need ice cold beverages, you can even decorate the bucket with flowers to make your house more beautiful. This luxury gadget creates either warm light and entertainment at the same time, which is great for a lot of occasions. With three different models, the LED floor lamp can be selected for places including kitchen, living room, veranda, patio and so on.

FEATURES

1. CREATING THE PERFECT AMBIENCE

With a simple click on the switch at the bottom of the lamp, it will create warm yellow light and good ambience. Even the small model has the ability to fill a large living room with warm light. At the same time, the LED will help you to save a lot of energy.

2. HIGH QUALITY SOUND SYSTEM

With the built-in bluetooth speaker you can easily connect it with your smartphone and play whatever music you like. This function is great for indoor family gatherings, parties, and any other occasions.

3. BUILT-IN BEVERAGE / WINE COOLER

On the top of the lamp, you will find a bucket. After filling it with ice, it will chill your favorite beverage or wine. Furthermore, it can be used for displaying e.g. flowers.
