

MOON WIFI BLUETOOTH SPEAKER

INNOVATIVE PRODUCT

OVERVIEW

Moon Wifi Bluetooth Loudspeak is designed for people who love listening to music and also decorating their home in elegant style. You can change the front cover of this moon-shaped speaker into different colours easily by yourself. Not only does it provide immersive sound for multiple rooms, but also it can be controlled by phone after being connected to WIFI or Bluetooth. Furthermore, the 2 ways of installation, including mounting to a wall and placing on flat surfaces, enables you to manage interior space effectively. If you are a music-lover with pursuit of quality of life, you would never want to miss it.

FEATURES

Changeable & Customized Front Panels

The front meshes are available in various designs and colors and users can change them easily. You can put the speaker on the table or hang it on the wall.

Clear Acoustic Quality

Immersive sound in one room or multiple rooms with the strong power of deep bass. The 2.1 CH Speaker can connect via WIFI or bluetooth.

Touch Control & App

Intuitive touch-interface ensures easy operation. The app supports iOS and Android, making it compatible with almost every smartphone
