

SMART LUGGAGE PACKING GADGET

INNOVATIVE PRODUCT

OVERVIEW

This portable gadget can perfectly free you from the annoyance of the space-insufficiency of luggage-packing. With only five-minute-wait, it can save you at most 50% of the luggage space. Apart from the aerodynamics technology design which provides extreme vacuum power, the smart sensor and dual core CPU are also able to detect the in-luggage pressure and stop automatically when it is done working. Furthermore, bad odor and dirt will be dispelled, ensuring the cleanness and hygiene of your baggage.
