

INTELLIGENT ULTRA VACUUM FOOD BOXES

OVERVIEW

World's first ultra vacuum containers are a food preservation system that includes a compact electric pump and a series of vacuum boxes. We provide the advanced ultra vacuum technology to help you store food, preserving its nutrients and taste up to 6 times longer in a simple and easy manner. Ultra Vacuum will change the way you prepare and preserve food for later use and sharing. You can be more economical buying grocery, and more creative with cooking.

FEATURES

1. SMART ELECTRONIC PUMP & SERIES OF VACUUM BOXES

The pump reaches through its intelligent sensor chip automatically the ideal vacuum level for any food. The well-designed containers are extremely durable and 100 % BPA free. The materials are food-grade silicon and plastic, which got FDA approved.

2. KEEP FOOD FRESH UP TO 6 TIMES LONGER

Protect food from spoiling or bacteria growth when storage or on the go. It provides a vacuum capability up to -500 mbar. More powerful than any conventional vacuuming methods or air-tight storage.

3. SAFE AND HIGH-QUALITY

You do not need to worry about the printed topping would harm your healthy. The machine adopts the premium independent R&D spray-head with edible ink (specially formulated food ingredients) passed the SGS food safety certification for consumers protection.

SPECIFICATION

MODEL	UP01
ITEM NAME	Ultra-Vac Pump
MATERIALS	BPA free, FDA approved materials
DIMENSIONS	78.5 mm (Ø) x 122 mm (H)
WEIGHT	230 g
BATTERY OPERATED	Use 4 dry cell AA sized batteries, capable of vacuuming for 150~250 times
OPERATING TEMPERATURE RANGE	-40°C ~ +85°C (-40°F ~ +185°F)
VACUUM CAPABILITY	Up to -500 mbar
BATTERY TYPE	Replaceable batteries (AA Battery x 4)
FOR USE WITH	All Ultra-Vac Containers
FEATURES	<ul style="list-style-type: none"> · One touch to ultra vacuum: Enjoy the convenience of ultra vacuum by one touch of the button and let the pump sit to complete vacuuming · "Auto Stop" smart sensor chip: Auto stop the vacuuming when it reaches optimal vacuum level · Power-saving: Electronic cells built into compact unit greatly enhance power efficiency

COMPARISON

Use with	Ordinary Storage	Ultra Vac Food Preservation
70°F Chips / Cookies	1-2 weeks	3-6 weeks
Fruits	1-7 days	1-2 weeks
40°F Nuts	3-9 months	2-3 years
Raw Pasta	6 months	1-2 years
<0°F Fresh meat / Fish	3-6 months	2 years
Soup	3-6 months	1 year
Sauces	3-6 months	1-2 years

Designed for a wide range of food. Preserve flavor and nutrients up to 6 times longer. Provides vacuum capability up to - 500 mbar. More powerful than conventional vacuuming methods.
